Natural Gas. However, Oil and Natural Gas Corporation Limited (ONGC) entered into a Memorandum of Understanding (MoU) with Rosneft on 25.01.2007. As per MoU, Rosneft and ONGC would form two Joint Study Groups (JSG). One for upstream and the other for downstream activities. The JSGs would jointly study the possibilities for mutual projects in exploration, production and marketing as well as other projects related to hydrocarbon industry, including joint bidding for oil and gas stake in Russia, India and third countries. In addition, the two companies also agreed to jointly explore the options for participation in refining and retail marketing projects in India, including integration of other companies in India. In addition, ONGC has signed an MoU with Gazprom on 21.2.2005. MoU with Gazprom envisages studying the prospects of joint participation in oil and gas projects in India, Russia and third countries.

The two MoU's are expected to bring ONGC closer to the two national oil and gas companies of Russia resulting in joint operations and possibly acquisition of further oil and gas properties in Russia and other countries for enhancing India's oil security.
